

Our Mission

We empower Tanzanian families to protect, support, and care for vulnerable children by helping villages implement sustainable social service and economic solutions.

Our Five-Year Program for Sustainable Economic Development and Independence

1. Listen to the children to gather their ideas for change.
2. Partner with people in the Kisondele and Kambasegela Wards.
3. Organize the community to support the most vulnerable children.
4. Assist with education and healthcare in each village.
5. Build economic independence with income generating crop and livestock co-ops.
6. Create entrepreneurs through training sessions.

Empowerment Facilitators

Empowerment Facilitators live and work in the village where they live. They support the Most Vulnerable Children Committees. They assist with training, children's club meetings, report writing and more.

This Is My Village Supporters

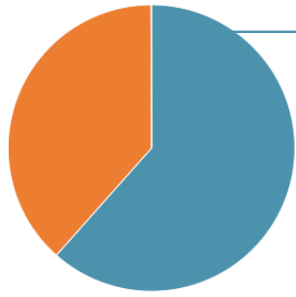

Thank you to the supporters for the six villages in the Kisondele Ward for their ongoing commitment to creating sustainable improvement for each village. If you would like to join a village and become part of a supportive group of individuals, please contact Sharon at sharon@africabridge.org.

This Is My School (TIMS) Supporters

Africa Bridge believes students can be global citizens making educational impacts around the world. Stafford Primary School and Lincoln Middle School in Cottage Grove supported children with \$6,614 in funding this year.
